4th International Conference on User Science and Engineering (i-USEr 2016)

Melaka, Malaysia

23rd to 25th August 2016

Call For Papers

The 4th International Conference on User Science and Engineering 2016 (i-USEr 2016) will be held in Melaka, Malaysia from 23rd to 25th August 2016. i-USEr 2016 aims to address the main issues of concern within Human Computer Interaction (HCI) with a particular emphasis on the aspects of design, development and implementation of interfaces and the generational implications for design of human and technology interaction.

The previous i-USEr conferences were successfully organized in Selangor, Malaysia (2010, 2011 & 2014). Proceedings of previous i-USEr 2010, i-USEr 2011 and i-USEr 2014 had been indexed in the IEEE Xplore Digital Library and Scopus.

This conference provides a platform for researchers, practitioners and industries to explore and discuss innovative studies of technology and its application in interfaces and welcomes completed research, work in progress and case studies. The special theme for this year's conference is "Unbounded". Papers on original works are solicited from prospective authors. Topics of interest include, but not limited to the following:

- HCI and Usability
- User Experience
- HCI and IT Infrastructure
- HCI and e-services
- HCI and Urban Science

- Human-Centered Computing
- HCI for the underserved
- Human Interface & Management of Information
- HCI and Analytics
- HCI and Domestic Technologies

Important Dates:

Submission of full papers	: 1st May 2016
Notification of acceptance	: 1st July 2016
Submission of camera ready papers	: 16th July 2016
