Paper Submission

Authors should submit an original paper in English, carefully checked for grammar and spelling, using the online submission

i-USEr 2016 accepts both regular (completed) research papers and research-in-progress as well as case study papers.

Paper Format

All manuscripts must be in English.

Papers submitted for review MUST NOT contain any author information (no authors, affiliation or address, and no explicit self-reference) due to the double-blind review process.

Papers are limited to 6 pages in length, including all figures, tables, references, and the title and abstract page.

Papers must be in the PDF format.

Papers must conform to the format defined by the IEEE templates.

4th International Conference On User Science and Engineering

MELAKA, MALAYSIA
23-25 August 2016

4th International Conference on User Science and Engineering

(i-USEr 2016)

The 4th International Conference on User Science and Engineering 2016 (i-USEr 2016) will be held in **Melaka, Malaysia** from **23rd to 25th August 2016.**

i-USEr 2016 aims to address the main issues of concern within Human Computer Interaction (HCI) with a particular emphasis on the aspects of design, development and implementation of interfaces and the generational implications for design of human and technology interaction.

The previous i-USEr conferences were successfully organized in Selangor, Malaysia (2010, 2011 & 2014).

Proceedings of previous i-USEr 2010, i-USEr 2011 and i-USEr 2014 had been indexed in the **IEEE Xplore Digital Library** and **Scopus**.

This conference provides a platform for researchers, practitioners and industries to explore and discuss innovative studies of technology and its application in interfaces and welcomes completed research, work in progress and case studies.

The special theme for this year's conference is **"Unbounded"**.
