## Data Mining Using WEKA: Tools & Techniques

**DATE:**  
19 September 2016

**Venue:**  
FSKM, UiTM

## Workshop Scenario

This workshop covers the entire process of data mining; from data preparation and modeling to visualization. It is a practical workshop that gives hands-on examples of how to use the WEKA data mining toolkit.

## Workshop Objective

- Explains how data mining algorithms work.
- Covers performance improvement techniques, including input pre-processing.
- Provides knowledge and understanding of which techniques to use and when, covering supervised and unsupervised learning techniques.
- Demonstrate how to use WEKA, the machine learning workbench.
